

Save 20% Off Your Enclosure's Energy Costs

Or We'll Pay Your Electric Bill for One Month*

It Starts With Our Proprietary Climate Inspection

With one phone call, Rittal can schedule a comprehensive, in-person inspection of your current enclosure climate control solutions. Our trained experts will review your energy costs and use thermal imaging cameras to see where you can save money.

If you upgrade your current solution to our high-efficiency, patented Blue e+ climate solution, Rittal guarantees at least a 20% improvement in your enclosure energy costs. In fact, if you don't see an immediate improvement, Rittal will pay your electric bill for one month.

There is no other manufacturer who can deliver that confidence and guarantee in improving your energy costs.

Our Quality Improves Your Bottom Line

Built and backed by our exacting quality standards, our heating and cooling solutions are field proven through thousands of hours in the world's harshest environments.

From nanocoated exteriors, to highly engineered components and easy-to-read displays, Rittal can protect your vital equipment, improve uptime, and deliver the savings that keep your business running.

**To schedule your Climate Inspection
call 800-477-4000 or email customerservice@rittal.us.**

**Valid for new Blue e+ installations only. Bill paid up to \$500.
Restrictions apply. Valid from 5/1/2017 to 8/1/2017.*
